[REDACTED],
What state is the dumping occurring in? What other information do you have on this complaint?
Thanks,

Classification: UNCLASSIFIED

Caveats: NONE

Good Morning ██████,

Attached are a couple of photos of the ravine where Brigham Oil and Gas has been dumping saltwater north of my home. When we ask the state for help we are always told it is the counties problem.

Any help would be appreciated. If it continues they will kill off the entire watershed and pollute the stock dams in the area. This drainage eventually connects to Stoney Creek which dumps into Lake Sakakawea.
